BIOMECHANICS

THE MACHINE INSIDE

Biomechanics | New Exhibition

Until May 7

This new exhibition reveals the incredible innovation behind evolution and adaptation through real specimens, lifelike models and interactive experiences. Find out how all living things - including humans - are machines built to survive, move and discover!

Biomechanics: The Machine Inside was developed by The Field Museum, Chicago, in partnership with the Denver Museum of Nature & Science, with generous support provided by the Searle Funds at The Chicago Community Trust and ITW.

Knowledge Partner: University of Waterloo.

Media Partner: Toronto Star.

Open 7 Days a Week, 364 Days a Year!*

10 a.m. - 4 p.m. Monday to Friday

10 a.m. - 8 p.m. Saturdays

10 a.m. - 5 p.m. Sundays and Holidays

Closed December 25

*Hours subject to change.

Dream Big | New IMAX® Film
Now Playing

From the world's tallest buildings to underwater robots and a solar car race across Australia, Dream Big celebrates the human ingenuity behind engineering marvels big and small, and shows how engineers push the limits of innovation in unexpected and amazing ways.

Enjoy a film in Ontario's only IMAX dome theatre!
With 13,000 watts of sound being delivered from 44 speakers,
you will be awed by the biggest, most immersive film experience ever!

THE ENERGY SHOW

The Energy Show | New Experience

From solar to wind, and from transformation to storage, this live interactive show uses the scientific method and highly engaging experiments to uncover the world's ultimate source of power. See a singing Tesla coil, a hair-raising Van de Graaff generator, burning bubbles and more in action!

Supporting Partner: Enbridge Gas Distribution

Canada 150: Discovery Way | New Installation

We are celebrating Canada's sesquicentennial with a brand new installation! From the far reaches of space to common household items, this installation focuses on the Canadian stories behind transformational inventions and innovations. Through amazing artifacts, ranging from the lightbulb to the flight recorder, you'll gain a better understanding of Canada's unique scientific achievements.
