

Risk Management and Alternative Investments Committee Member

Scope of the Position

The CFA Society Toronto Risk Management and Alternative Investments Committee is looking for a new programming volunteer whom is interested in contributing to the committee's programming activities and has a background in **natural resources (timberland and/or agriculture)**.

This volunteer position is responsible for working with fellow committee members to develop ideas and help organize events for CFA Society Toronto members. This position, along with the committee chair and other members execute events to Society members and examine current issues in the investment process related to risk management and the use of alternative assets and strategies in the investment portfolio. The committee organizes educational programming and events such as workshops, conferences, and networking events, some of which will include other organizations.

The committee's mandate is defined by the board of CFA Society Toronto, and is governed by CFA Society Toronto policies and by-laws.

Duties and Responsibilities

- Attend all committee meetings
- Contribute ideas when planning committee events
- Lead or assist other members in organizing committee events.
- Other duties as required

Time Commitment

- Average 2-4 hours per week, monthly committee meetings.

Characteristics

- 5+ years of experience in natural resources (timberland and/or agriculture)
- Team player who works well with others
- Proven strategic leadership skills
- Excellent organizational skills
- Strong communicator and facilitator
- Passion and strong understanding of the committee's mandate
- Genuine interest in imparting useful knowledge to the membership and broader investment community
- Member in good standing

To apply, please email your resume to volunteer@cfatoronto.ca with a brief explanation describing why you would be a great candidate.
